- 5-7hp kit - \$495
- 8-23hp kit - \$595

(For full descriptions, accessories and differences in these kits please visit [mud-skipper.com](http://mud-skipper.com))

Twister long tails utilize an old technology for a drive shaft known as a bowden cable.

An almost 3/4" thick steel shaft; the bowden cable allows the Twisters' tail shaft to be about half the length of a normal long tail. This makes turning and steering easier and gets your boat into even tighter spots.

**Mud-Skipper Twister long tail kit features include:**

- Stainless propellers
- Durable powder coating, trim stop adjustment
- Twist grip or lever style throttle control
- Multiple grease points & 5 way locking transom mount
- Short tail assembly
- Right & left hand steering
- Safety kill switch and all hardware
- Instructions & warranty

**Twister long tail kit options:**

- 5-7hp kit - \$520
- 8-16hp kit - \$620
- 18-23hp kit - \$795
